Poverty Awareness-Transportation Needs- April 2018: We partnered with Lakes and Pines in Mora MN that has a transportation program. Lakes & Pines takes donations of vehicles that need work and they partner with a local prison that has an automotive repair program for inmates to learn a trade. The prison does the repairs for cost of parts and then Lakes & Pines donates the vehicle to a family in need that has to have transportation to get to work. We had the Executive Director of Lakes & Pines and the Executive Director of New Pathways speak to the needs of those that are living in poverty and suggest ways we could help. We donated funds to both organizations. The donation to Lakes & Pines was adequate to do the repairs on two vehicles. Family Pathways Mobile Delivery: We provided a $500 donation to help fund the mobile delivery of meals done by Family Pathways. Several years ago Family Pathways allowed us to put the Rotary Logo on both sides of the delivery van and the van is parked on the main highway going through Cambridge. This has been a standing donation for several years now.

The Rotary club of Faribault has conducted a youth STRIVE program for 20 years. We will give out $16,000 in scholarships to high school juniors turned seniors in 2018-2019 at our March 24th STRIVE awards banquet. We give students two opportunities to earn scholarships: 1. Students with the largest increase in GPA from their junior to senior year receive a scholarship. 2. Students earn points by displaying Rotarian values by participating in community service, watch up to 10 ‘Ted talks’ and write an ethics essay. The program goes far beyond providing scholarships by providing meaningful programming like interview skills, time management, test taking skills and other real life learning opportunities. Our club has a dedicated group of 10 Rotarians on the STRIVE team and many other Rotarians are involved by speaking at STRIVE meetings and judging ethics essays.

We took over a youth program called Warm Our Community from a young professional Chamber group in Faribault who had started the program 2 years earlier. Our Rotary club collected outerwear (coats, snow pants, boots, gloves) to give away to hundreds of local youth in need. The best part about this program was giving new and gently used outerwear to those who may not have the means to afford these items. Another great part of this community outreach was the support from our own club and collaboration with other non-profits, businesses and civic organizations. For example the local Woolen Mills donated hundreds of brand new scarves, River Valley Church donated 40-50 new coats & snow pants, the MN school for the blind donated a huge box of gently used coats, and the local Elks Club let us use their space and helped with distribution. A dedicated group of 5 Rotarians planned the event over multiple sessions and spent many hours preparing for and executing the event on a Saturday morning in November 18.

We also chartered a new Rotaract club with the help of Rotarian contacts at South Central College in Faribault. This new club was chartered in November 2018 and there is so much enthusiasm for community service and a love for everything Rotary. A core of 4 or 5 Rotaractors were at a recent Rotary meeting where we had a speaker from Believeit. The core message of Believeit is to provide service animals to veterans with disabilities such as PTSD. The Rotaract group has since contacted Believeit and is going to help out by hosting service animals on weekends and by helping raise awareness about this great organization. There is also a love of youth exchange amongst the Rotaract club and we have plans of including Rotaract in our future youth exchange planning.

Rotary Readers is a program where we collaborate with local elementary schools to help promote literacy. Teachers request a Rotarian to come and read with students who need help obtaining grade level proficiency as well as helping encourage other students to excel into advanced reading programs. Many times Rotarians will simply listen to students read which gives them confidence in their ability and a positive role model to boost self-esteem and self-worth. Each week students look forward to this time and some Rotarians that have difficulty reading each week team up with another Rotarian to read every other week.

Rotary Club of Greater Rochester - **Youth Service Award**

The majority of our club’s service projects support youth-related needs in our community. We work to improve literacy through our **Dictionary Project** and the newly initiated **Rotary Readers**. This marks the 11th year of distributing dictionaries to local third grade students. Over 17,000 dictionaries have been distributed to date. This year we focused on Title I schools. Members (80% of the club) personally visited 9 schools to hand deliver the dictionaries to 1000 students, provide a short lesson and introduce the 4 Way Test, sharing how students might use this ethics test in their daily lives. Participating schools were Holy Spirit, Bamber Valley, Longfellow, Elton Hills, Sunset Terrace, Riverside, Franklin, Pinewood, and Jefferson. Additionally, the new Rotary Readers program was started at Riverside. Twelve of our members (22%) read with elementary students 2-4 times per month. Pre/post assessments will be shared.

This spring, we piloted a **4WT Poster Contest** for third graders. Club members worked with 7 high school students from the Alternative Learning Center to enable them to share information about the 4WT and the poster contest to a third grade class at Riverside. The high school students planned and taught the lesson, and made 4WT posters to share. Awards will be given to contest winners 4/12. The feedback from students and teachers will help guide next year’s broader program.

Each year we recognize 12 students from among six area high schools in our **Student of the Month** program. The schools nominate a student who significantly contributes to the school’s music or drama programs or exemplifies the Four Way Test. The student receives special recognition at a Rotary meeting, including a Polio Plus donation in his/her name. SOM donations to Polio Plus have immunized 180 individuals. We are honored to support youth.

Three-Club efforts to support youth-related activities include the **Cradle to Career** initiative. C2C brings together community partners to improve literacy in our community. Following a Community Report Card Summit in October, two Collaborative Action Networks opened: Kindergarten Readiness and High School Graduation. C2C is part of the Strive Together National Program and it is the first time that a service organization was the initiator within a community. The **STRIVE** mentoring program pairs 3-Club members with academically at-risk high school students to improve educational outcomes. GRR has 11 member mentors. Students who raise their GPAs the highest earn scholarships. The 3-Clubs collaborate on the **Youth Exchange** program and hosted an inbound student from Brazil, Duda Santana, and sponsored an outbound student, Bennet Ruhlman. We also sponsored 5 **RYLA** students, three of whom spoke at our meetings. The **Rotary Holiday Basketball Classic** tournament raises funds for community youth projects and is our most important multi-club fundraiser. Over the last 31 years we have raised close to one million dollars for non-profits who serve local youth. This year, $38,000 was given in grants to 24 community non-profits and 4 schools. The 2nd **Ethics Day** provided ethics exploration around the Four Way Test, a case study, and an ethics panel discussion. Forty students from five area high schools participated in the event facilitated by St. Thomas University Opus College of Business ethics professor, Christopher Michaelson. A panel of five diverse professionals offered the opportunity for students to consider real-life ethical dilemmas. The students could then enter an Ethics Essay contest for one of two $500 scholarships awarded by the three-club initiative.

This year we invited the South Metro Rotaract Club from Minneapolis to participate in our Bike Ride as volunteers and to use it as a fundraising opportunity for their club.

This event is the most popular egg hunt event in the area. It is advertised weeks ahead of Easter and it has always been a huge draw for kids and their parents in the community. The event is advertised on huge signs and Rotary banners are prominent on the grounds, along with two 5’ fun, interactive bunny rabbits. The event draws as many as 1,000 children, parents and grandparents. Member(s) from the TC Rotaract participated in our Egg Hunt in 2018, and will be invited to participate again in 2019.
* The Harvest Pack Event was a huge success this year. The event was held at Irondale High School Cafeteria on December 11, 2018. A rep from the Student Council in conjunction with some teacher advisors coordinated the event with the NBMV Rotary Club and Harvest Pack. There were enriched oatmeal packages and rice meals packed this year. The oatmeal packages were distributed to area food shelves and other organizations like CPY, Life Prep Academy, Irondale High School on-site food pantry. The rice meals were shipped to Puerto Rico. The choice was made by the students of IHS. There were over 400 student volunteers. This year event was jointly sponsored by the Rotary Club, the New Brighton Eagles Club and the Mounds View Lions Club. There were dozens of volunteers from the community as well for the event.

Participated in at least one literacy project for youth.
* Our club contributed $500 towards the Guatemala Literacy Project Global Grant for school children in Guatemala. We also successfully received a District match for the Global Grant.

**Q8 Answer "yes" for each item completed:**
Participated in youth career development or other mentoring program, i.e. STRIVE (Describe in narrative)

Risers have actively supported STRIVE for many years. STRIVE is in three of our high schools. This year, four of our members, (11%) are repeat mentors at one of the three schools. In addition to meeting with students monthly, mentors often reach out to students throughout the month via text, email, etc. Twice a year, a Grub Night is held in the evening that provides students and mentors an opportunity to get together to socialize. At the end of the year, top 5 students are recognized with cash awards to use towards further education.

Provide financial or other assistance to homeless, disabled, critically or terminally ill or other challenged youth (Describe in narrative)

One of our members works for Family Service Rochester (FSR). One of our service projects involves raking leaves for elderly clients of FSR who are not physically capable of maintaining their yard. This service is one way in which these individuals are capable to remain in their own home.

Sponsored a student to Camp RYLA (D5960) or Camp Enterprise (D5950) (# of students & Event)

The Rotary Clubs of Rochester collectively sponsor at least two RYLA students annually. By working together we are able to support these students with transportation to the event. We also have a practice of inviting students to share their experience at a club meeting upon their return.

Conduct/Participate in a youth ethics program (Describe in narrative)

Based on the ideals of the original program, the Rotary Clubs of Rochester developed a new Ethics Workshop to challenge students to look at everyday ethical dilemmas, and through group interaction, establish a moral compass to help them decide right from wrong. The Rochester workshop was held Tuesday, November 13, 2018, at Cascade Meadow. The day’s activities were aligned with the guiding principles of Rotary’s Four Way Test. Ethical scenarios were presented via video and by a panel of business and community leaders who shared real-life ethical experiences they’ve encountered within their professions. Two of the Risers served on the Ethics Team and one also served on the panel.

Sponsored an Outbound Youth Exchange student this year (Name)

The Rotary Clubs of Rochester collaborate on Youth Exchange. This year we had one outbound student: Bennet, who spent the year in Spain.

Hosted an Inbound Youth Exchange student this year (Name)

Duda was our inbound YE student from Brazil. She is a delightful young woman and has been warmly welcomed in our community.
Participated in at least one literacy project (excluding dictionary project) for youth (Describe in narrative)

My Book Day (MBD) is a literacy project that is a partnership with the Rochester Rotary Risers, the Rochester Public Schools and the Rochester Public library. We work with first graders in an attempt to address the summer reading gap. Studies show that 1st and 2nd grade is a key reading period for these kids. Unfortunately many of these students reading skills drop due to the summer break. MBD helps these students by getting books into the home and encouraging these students to return to the library during the summer to check out more books. On Friday, May 3, approximately 550 first graders will be bused to the library. While there, they will be read to by community readers, see a skit on the importance of reading, get a tour of the library, and get signed up for a library card. In addition, they receive a book bag and a hard cover book with their name on it.

Other (Describe in Narrative)

The Rotary Clubs of Rochester launched Cradle to Career (C2C), which is a community-wide effort to improve educational outcomes for every single child in Rochester. Following a Community Report Card Summit on October 16, two Collaborative Action Networks (CANs) are now gearing up; Kindergarten Readiness and High School Graduation. C2C is a collective impact initiative that is bringing together dozens of partners (non-profit, education, government, etc) to work towards a common goal.

Participated in at least one literacy project (excluding dictionary project) for youth (Describe in narrative)

Our club is working the elementary schools in our district to support the Media Center. We are working in developing a volunteer program that adults (club members and others that are interested) can come into the school and help with literacy items the teachers may need help. It currently involves mostly working with the library areas of the schools and working to reorganize books and organizing the area but we are working on developing a program that will support the teachers with kindergarten and 1st grade students that are demonstrating some weakness in reading and how we as volunteers should be approaching our reading to and with the student to help strengthen their skills.
